More informations about Reusable Silicone Lab Mat

Versatile reusable mat

A reusable mat for your lab bench to help keep it clean and safe from stains and spills. Made from durable silicone, the lab mat creates a stain-resistant washable working surface. After use, the mat can easily be cleaned using any standard disinfectant or simply by wiping if no contaminants are present. It can also be put into the dishwasher and it can be autoclaved.

The anti-skid mat offers a large and safe working area when using harsh chemicals and delicate glassware. The lipped edge of the mat helps contains spills and prevents liquids from running onto the floor.
