

## Non-Skirted PCR Plate (Flat Surface)

### Product Highlights

- Non - Skirted plates for a universal fit, suitable for most thermal cyclers
- Highly visible black printed matrix
- Certified RNase, DNase, DNA & Pyrogen-free
- PCR Inhibitor free
- Ultra-thin, uniform wells ensure optimal heat transfer and high reaction efficiency
- Supplied in resealable bags

## Product Applications

PCR

## General Data

|                                   |                               |
|-----------------------------------|-------------------------------|
| Art. No.                          | B1402-0595                    |
| Pack Size                         | 10 Plates (1 Box × 10 Plates) |
| Sterile                           | No                            |
| Autoclavable                      | Yes                           |
| Volume                            | 350 µl                        |
| Number of wells                   | 96 wells                      |
| Material                          | Polypropylene                 |
| DNA free                          | Yes                           |
| DNase free                        | Yes                           |
| Free of endotoxins                | Yes                           |
| PCR inhibitor free                | Yes                           |
| RNase free                        | Yes                           |
| Color                             | Natural                       |
| Cut corner                        | H12                           |
| Elevated wells                    | no                            |
| Frame Design                      | Non-skirted                   |
| Matrix                            | Moulded                       |
| Profile                           | Standard height               |
| Suitable for PCR                  | yes                           |
| Suitable for Real-Time PCR (qPCR) | yes                           |

## More informations about Non-Skirted PCR Plate (Flat Surface)

Starlab Non-Skirted PCR-Plates have no skirt at the plate edges. They have a universal fit for all common thermocyclers. The high elasticity of the plates ensures a proper fit in the heating block. Available as natural or white plates. Opaque plates for qPCR show low auto-fluorescence with chemiluminescence (white) and also increase signal yield.

## Accessories

| PRODUCT NAME  | PACKAGING SIZE              | ART. NO.   |
|---|-----------------------------|------------|
|  <a href="#">Silicone Sealing Mat for 96-Well PCR Plate</a>        | 5 Pcs. (1 Box × 5 Pcs.)     | E1403-0000 |
|  <a href="#">Aluminium StarSeal (PCR)</a>                          | 100 Pcs. (1 Box × 100 Pcs.) | E2796-9792 |
|  <a href="#">Aluminium Sealing Film, 60 µm (PCR)</a>               | 100 Pcs. (1 Box × 100 Pcs.) | E2796-0792 |
