

200 µl Bevelled TipOne® Tip, Yellow, Stack rack (non-sterile)

Product Highlights

- Universal tip fit
- High quality virgin polypropylene tips, with extremely smooth surfaces for reduced sample retention
- Certified RNase, DNase, DNA and Pyrogen free
- All components, excluding tips and shrink wrap, are recyclable

Product Applications

Pipetting liquids

Dispensing liquids

Mixing liquids

Filling plates and reaction vessels

Phase extraction and removal of supernatants

More informations about 200 µl Bevelled TipOne® Tip, Yellow, Stack rack (non-sterile)

High quality, reliable [pipette tips](#) with a universal tip fit – [TipOne](#)® has it all! If you are looking for a sustainable [pipette](#) tip system with accuracy and precision you can trust, [TipOne](#)® is the one tip for you.

960 tips in one, convenient and compact unit!

The Stack Rack is ideal for high-throughput, multi-channel use or space-limited lab environments. Each layer is sealed and protected until it is needed. The Stack Rack is designed to provide quick and easy access to the next layer of tips, without the need to stop pipetting to reload another rack. The Stack Rack drastically reduces plastic use compared to racked tips.

Join our journey to sustainable pipetting

When you have used all your tips, the coloured wafers, base, layers and lid can be recycled. Sign up for our [TipOne](#)® recycling service!
