

## 8-Strip PCR Tubes

### Product Highlights

- Manufactured from medical grade polypropylene
- Tubes can easily be split into smaller sections by snapping the strips apart
- Ultra thin walls ensure efficient thermal transfer and maximum yield
- PCR inhibitor free
- Certified RNase, DNase, DNA and Pyrogen-free
- Supplied in resealable bags

## Product Applications

PCR

## General Data

|                                   |                |
|-----------------------------------|----------------|
| Art. No.                          | See variations |
| Sterile                           | No             |
| Autoclavable                      | Yes            |
| Material                          | Polypropylene  |
| DNA free                          | Yes            |
| DNase free                        | Yes            |
| Human DNA free                    | Yes            |
| Pyrogen free                      | Yes            |
| RNase free                        | Yes            |
| Color                             | Various        |
| Suitable for PCR                  | yes            |
| Suitable for Real-Time PCR (qPCR) | yes            |
