More informations about Chemgene MEDLAB Concentrate, Blue Eucalyptus, 2 x 5 Litre

Chemgene MEDLAB multi-surface disinfectant delivers a new, unique formulation designed with laboratory, forensic and healthcare settings in mind.

The combination of active substances in Chemgene MEDLAB ensure that equipment and instruments can be routinely cleaned and disinfected to a consistently high standard, with less risk of antimicrobial resistance. Surfaces do not require rinsing following disinfection, which makes the process quick and easy.

PRODUCT FEATURES

› Non-corrosive
› Biodegradable ingredients
› Alcohol & chlorine free
› No rinsing required
› Denatures RNA/DNA
› Effective against MDR pathogens
› Economical dilution rates from 1 %
› Diluted solution effective for 3 months

Chemgene MEDLAB Multi-Surface Disinfectants are suitable for the cleaning and disinfection of a variety of surfaces, instruments and equipment against bacteria, yeast, fungi, enveloped viruses, adenovirus and bacteriophage.

Use in the laboratory for protection from pathogenic microorganisms, in healthcare settings for protection against multi-drug resistant pathogens and forensic settings for protection from cross-contamination.

Chemgene MEDLAB multi-surface disinfectant is compliant with regulations in the UK and EU including the Biocidal Products Regulation (BPR), Classifi cation of Labelling and Packaging (CLP) and Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) regulations.
