

## Non-Skirted PCR Plates with Elevated Wells, Case

### Product Highlights

- Non-skirted plates for a universal fit, suitable for most thermal cyclers
- Highly visible black printed matrix
- Certified Rnase, Dnase, DNA & Pyrogen-free
- Supplied in resealable bags

## Product Applications

PCR

## General Data

|                                   |                                   |
|-----------------------------------|-----------------------------------|
| Art. No.                          | E1403-2200-C                      |
| Sterile                           | No                                |
| Autoclavable                      | Yes                               |
| Volume                            | 350 µl                            |
| Pack Size                         | 100 Plates (10 Packs × 10 Plates) |
| Number of wells                   | 96 wells                          |
| Material                          | Polypropylene                     |
| DNA free                          | Yes                               |
| DNase free                        | Yes                               |
| Free of endotoxins                | Yes                               |
| Human DNA free                    | Yes                               |
| PCR inhibitor free                | Yes                               |
| Pyrogen free                      | Yes                               |
| RNase free                        | Yes                               |
| Color                             | Natural                           |
| Cut corner                        | H12                               |
| Elevated wells                    | yes                               |
| Frame Design                      | Non-skirted                       |
| Matrix                            | Printed                           |
| Profile                           | Elevated wells                    |
| Suitable for PCR                  | yes                               |
| Suitable for Real-Time PCR (qPCR) | yes                               |

## More informations about Non-Skirted PCR Plates with Elevated Wells, Case

Starlab Non-Skirted PCR-Plates have no skirt at the plate edges. They have a universal fit for all common thermocyclers. The high elasticity of the plates ensures a proper fit in the heating block. Elevated Wells reduce the risk of contamination.
