More informations about Chemgene MEDLAB Ready to Use Spray, Blue Eucalyptus, 6 x 750 ml

Chemgene MEDLAB multi-surface disinfectant delivers a new, unique formulation designed with laboratory, forensic and healthcare settings in mind.

The combination of active substances in Chemgene MEDLAB ensure that equipment and instruments can be routinely cleaned and disinfected to a consistently high standard, with less risk of antimicrobial resistance. Chemgene MEDLAB pre-diluted ready to use formula is effective from 60 seconds, and surfaces do not require rinsing following disinfection making the process quick and easy.

PRODUCT FEATURES

- › Reliable pre-diluted solution (10%)
- › Denatures RNA/DNA
- › Effective against MDR pathogens
- › Non-corrosive
- › Biodegradable ingredients
- › Alcohol & chlorine free
- › No rinsing required

Chemgene MEDLAB Multi-Surface Disinfectants are suitable for the cleaning and disinfection of a variety of surfaces, instruments and equipment against bacteria, yeast, fungi, enveloped viruses, adenovirus and bacteriophage.

Use in the laboratory for protection from pathogenic microorganisms, in healthcare settings for protection against multi-drug resistant pathogens and forensic settings for protection from cross-contamination.

Chemgene MEDLAB multi-surface disinfectant is compliant with regulations in the UK and EU including the Biocidal Products Regulation (BPR), Classification of Labelling and Packaging (CLP) and Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) regulations.
