More informations about Cardboard Storage Boxes, 133 x 133 standard, 53 mm high

Starlab's Cardboard Storage Boxes are made from high-quality 100% recycled cardboard and coated with a water-repellent film. This combination offers safe and reliable storage at extremely low temperatures. The standard footprint of 133x133x53mm provides compatibility with most stainless steel freezer racking. Ease your sample inventory with the writing areas on top of the lid, and on the side of the lid for visibility of labelling when stored in racking. Supplied pre-assembled, with removable grid insert. The boxes are fully recyclable after use.
