More informations about Rocking & 3D Rocking Shakers

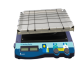

Shaken, not stirred!

STARLAB offers two similar shakers but with different movements: see-saw rocking or 3D. Both shakers have a fixed tilt angle and provide two shaking modes: continuous or timer. The digital speed and timer displays ensure ease of use. Both shakers are supplied with a platform with bungee cords.

An alternative platform with clamping rolls is available separately, making these shakers suitable for a wide range of applications including blotting, cultivation and incubation techniques.

All Variations

| PRODUCT NAME | PACKAGING SIZE | ART. NO. |
|--|---------------------------|------------|
|  Rocking Shaker Component Type: See-saw rocking  Create PDF Data Sheet | 1 Piece (1 Box × 1 Piece) | N2400-8010 |
|  3D Rocking Shaker Component Type: 3D mixing  Create PDF Data Sheet | 1 Piece (1 Box × 1 Piece) | N2400-8020 |
