

## 1000 $\mu$ l XL Graduated Filter Tip / Wide Orifice, Racked (sterile)

### Product Highlights

- Large orifice tip ideal for pipetting macromolecules and viscous samples
- Compatible with a wide range of pipettes
- Certified
- 1.0 mm inside orifice
- Supplied in convenient, press to open rack

## Product Applications

Next generation sequencing. Cell culture. Plant sciences.

## General Data

|                    |                               |
|--------------------|-------------------------------|
| Art. No.           | E1011-9420                    |
| Length             | 86.4 mm                       |
| Sterile            | Yes                           |
| Autoclavable       | No                            |
| Filter tip         | Filter                        |
| Volume             | 1000 µl                       |
| Pack Size          | 960 Tips (10 Racks × 96 Tips) |
| Tip Type           | XL wide orifice               |
| Material           | Polypropylene                 |
| DNA free           | Yes                           |
| DNase free         | Yes                           |
| Free of endotoxins | Yes                           |
| PCR inhibitor free | Yes                           |
| Pyrogen free       | Yes                           |
| RNase free         | Yes                           |
| Graduations        | Yes                           |
| Color              | Natural                       |

## More informations about 1000 µl XL Graduated Filter Tip / Wide Orifice, Racked (sterile)

- › Protect delicate samples from shear force and reduce flow resistance with Starlab's [wide orifice tips](#).
- › Eliminate cell fragmentation caused by mechanical shearing
- › Maintaining the integrity of high molecular weight DNA like gDNA or rDNA
- › Pipetting of viscous solutions such as glycerol, Triton™ X100, blood, milk, syrup, etc.
