More informations about Cardboard Storage Box, 133x133 Footprint, 50mm High, 100-Place Grid, White

Starlab's Cardboard Storage Boxes are made from high-quality responsibly sourced cardboard and coated with a moisture resistant coating, but are still easy to write on. The standard 133x133x50 footprint provides compatibility with most freezer racking. These boxes offer economical but safe and reliable storage at low temperatures. Available in various colours to aid colour-coding of your samples. Supplied pre-assembled, with removable grid insert. The boxes are fully recyclable after use.
